## Horizons Edition

Horizons is a social program for adults (ages 18 & up) with special needs. Our events are held on Friday nights from October to May and follow the school calendar.

We were having a fun filled year and look forward to seeing each other in person soon!

Some activities this year have included seeing “Unmasked” at the PaperMill Playhouse, bowling, going to the movies and Monster MiniGolf, and attending the Unico/Circle of Friends Holiday party.

# What we've been doing during the Quarantine!!

- Erin has been keeping busy with art projects and taking virtual classes at her center
- Ian has been going on walks and playing Wii with his nephew. He can't wait to get back to work.
- Jen has been sleeping and watching television.
- Lilee has been playing cards and watching movies.
- Lisa has been working from home, cooking & baking a lot and playing with her dog, Jordan. She likes facetimeing with her nieces & nephews.
- Lori has been cleaning, napping, taking walks and going for rides to wave at her nieces and nephews.
- Michele has been working at home, helping Vincent with his school work and spending time outdoors.
- Nicholas C. has been playing Nintendo, taking drives and texting with his girlfriend Felicia. He recently tried surf & turf.
- Nick T. has been doing school work, playing videogames and going on walks and car rides.
- Olivia has been singing, laughing, watching TV, and baking and cooking. Her family has also been requesting songs on Alexa. During dinner they theme the music to the meal for example Andrea Bocelli during an Italian meal.
- Terrence has been participating in his day-program virtually, taking walks, listening to music and playing videogames.
