Offering a weekly schedule provides structure for the children in our group. It also gives parents a time for pick up without interrupting the daily routine.

Cup Stacking Competition

The group worked in pairs to make the tallest tower with stackable cups. Our two winners were Dylan and Zoe!

Planting

The group cleans out the decorated planter boxes in front of Carteret each fall. They learn how to safely use gardening tools and talk about seasonal flowers. This year, they planted beautiful mums!

Longmeadow Farm

October 19, 2019

This field trip offers a unique fall experience. The group gets to go on a hayride through the farm and view the beautiful scenery of changing seasons. The group gets to hand pick apples from the orchard and choose the type of apple they love most! They also get to walk through a pumpkin patch and pick the biggest pumpkin they can carry!

Funplex

November 22, 2019

Every year we get the famous question from the group, "When is our Funplex trip?" This trip allows the group to unwind, play fun games, and eat cheesy pizza! The group gets access to the arcade, rides, bowling, and go-karts. They love a friendly competition with a lot of laughs!
